Joanna Coccozza Foundation for Pediatric Research

Name	Joanna Coccozza Foundation for Pediatric Research
Purpose	The purpose of the foundation is to promote research in pediatric medicine at Linköping University. The term children's medicine must be given a broad meaning and refers to research regarding disease and ill-health in children. The aim includes areas such as neonatology, child cancer, child diabetes, child neurology, child orthopedics and child psychiatry as well as currently unknown areas within children's medicine that may be relevant for research in the future. The purpose can be furthered, for example, by financing employment at Linköping University in whole or in part, contributions to special research projects at Linköping University or by distributing funds in other ways that the board deems appropriate and that further the foundation's purposes. The foundation's funds may not be used for planning or building premises.
