Laura Bassi Scholarship

Name	Laura Bassi Scholarship
Municipality	Canada
Category	Studier
Purpose	The Laura Bassi Scholarship was established in 2018 with the aim of providing editorial assistance to postgraduates and junior academics whose research focuses on neglected topics of study, broadly construed, within their disciplines. The scholarships are open to every discipline and are awarded three times per year: December, April, and August. The value of the scholarship is remitted solely through editorial assistance as follows: Master's candidates: \$750 Doctoral candidates: \$2,500 Junior academics: \$500 These figures reflect the upper bracket of costs of editorial assistance for master's theses, doctoral dissertations, and academic journal articles, respectively. All currently enrolled master's and doctoral candidates are eligible to apply, as are academics in the first five years of full-time employment. There are no institutional, departmental, or national restrictions.

The foundation Dr. Helene Kindgren's fund for medical students

Name	The foundation Dr. Helene Kindgren's fund for medical students
Purpose	The purpose of the foundation shall be to provide grants to Swedish citizens who are medical students in the undergraduate medical education at the University of Gothenburg, to be used for the purchase of literature and other learning materials that are necessary for the education. Distribution of funds must take place once a year after application. The application must explain the reasons why a grant is needed. Grants must, after the administrator's approval, be given to students for whom the expenses for the acquisition of learning materials are deemed to be financially burdensome. The applicant can receive grants several times. Grants must primarily be given to several applicants annually. In the first place, the distribution of funds must be made from the annual return on the capital, although the trustee must have the right to save a certain part of the return, so that the foundation's capital balance is not eroded due to inflation. If, on the other hand, the yield does not suggest a distribution of at least one grant per year, the capital may also be claimed for distribution.
